

Kodak ScanMate i1150 Scanner

FAST. HELPFUL. CUSTOMER-FRIENDLY.

CHALLENGE

Capture Documents and Extract Information quickly in Customer-Facing Situations

- Today, the speed of business transactions is hectic. In many customer-facing situations, businesses need to scan documents and capture information quickly, and move on to the next transaction ... fast!
- Business representatives at a registration desk may have to scan a mix of paper documents and an ID or account card. It's important for the representative to keep these items from getting lost or misfiled while the transaction is in process.
- Scanning should not divert the representative's attention from the customer in front of him or her. Office managers need their agents to stay focused on customers, completing functional tasks and increasing the number of transactions per day: efficient imaging technology is essential.

A wide range of organizations face these common challenges including: medical office registration desks, bank teller lines, state and municipal government offices, and insurance agencies.

Kodak alaris

SOLUTION

Real-World Situations Addressed and Answered

Small, quiet, quick, and intelligently designed, the **Kodak ScanMate i1150** Scanner is designed for the way you work today.

Capture speed you need

With the “transaction mode” burst speed of the **ScanMate i1150** Scanner you can zip through a small stack of documents - including cards - in mere moments. Many transactions involve 10 or fewer documents. The **ScanMate i1150** speeds up 60% to capture the first 10 documents in Transaction Mode and then returns to normal speed.¹

Convenient card holder

Our built-in card holder helps you keep track of cards - in your sight and your customer's - while you are scanning documents.

Jam-free operation and Intelligent Document Protection

Intelligent Document Protection “hears” problems and stops scanning instantly to protect and preserve valuable documents. **Kodak Alaris'** renowned paper transport technology helps assure jam-free, misfeed-free scanning.

Icon-based screen and one-push scanning/routing

You'll love our intuitive, icon-based, color interface that lets you quickly capture and route information to the right places and people. And the Smart Touch feature is one button easy!

Automatic barcode reading

Barcode reading helps make Smart Touch - and other applications - even smarter. The scanner driver reads the barcode value and delivers data to the application for file naming or to separate documents more efficiently.

RESULTS

Streamlined Processes, Better Customer Service

- Seamless, quiet transaction capture lets you focus on customers without being distracted by technology
- Fast scanning and information extraction keep processes and people moving
- Better organization for fewer misplaced documents
- Misfeeds and jams virtually eliminated to save time and hassles

ACCELERATE SCANNING

... To Accelerate Business

- The ultra-compact fits neatly on your desk. And the whisper quiet operation means that you can carry on a conversation with your customer or your co-workers without distraction.
- **Kodak Alaris'** Perfect Page technology includes convenient enhancement functions that improve the image quality of scanned documents
- Instantly view number of documents scanned, paper-ready status, and apply custom text or icons via display screen
- Comes with productive **Kodak Capture Pro Software Limited Edition** and **Capture Pro Trial Edition**
- **TWAIN, ISIS** and **Linux** driver compatibility
- 3-year warranty

Kodak Asset Management Software

System administrators can manage and maintain select **Kodak** Scanners on their network through one easy-to-use solution. Optional **Kodak** Asset Management Software, featuring a thin client dashboard, optimizes time, budgets, resources, and efficiency. You'll know more about every scanner and be able to do more across your network.

Hospital Reception

Small, quick and quiet

The **Kodak ScanMate i1150** Scanner fits under a counter or on a desk and is always ready to scan. Transaction mode captures the first ten pages at turbo speed. It scans so quietly you barely hear it, which is ideal when conversing with patients or in busy office environments.

Extremely easy to use

Focus more on visitors and patients and less on office equipment. The i1150 is intuitive and doesn't require training. The touch sensors are easy to navigate and press.

Scanning tasks selection

Smart Touch and the colour LCD interface deliver a new level of user friendliness. Up to nine scanning tasks can be predefined and associated with colour icons. Just select the image/function desired and touch "scan."

Barcode recognition and Perfect Page image processing

Images of scanned documents – even faint originals – look great the first time and every time. No need for rescanning or adjustments. Barcode recognition makes file naming and document separation more efficient in your application.

Handles almost every document and size

No flatbed needed – the **ScanMate i1150** captures everything from business cards to DIN-A4 pages, even credit cards. It is excellent for capturing visitor IDs, credentials, forms and correspondence.

General Office

Scan small jobs super fast

Transaction scanning usually involves fewer than 10 documents. The i1150 shines in Transaction Mode, capturing the first 10 documents at up to 40 pages per minute.

Truly easy to use

Intuitive, colourful display and sensor buttons make scanning a breeze. Just choose a task and send documents to the right department or process with one "push." Send to file, **Microsoft SharePoint**, anyone or anywhere with Smart Touch technology. Barcode recognition helps applications better understand and process documents.

So quiet

It's whisper quiet when scanning, helping to minimize noise in your office.

One for all documents

A diverse mix of document sizes, types, and thicknesses isn't a problem for the i1150; it even handles a stack of embossed plastic cards with ease. Optional DIN-A4 and DIN-A3-size flatbeds can handle oversize, fragile, and bound materials, too.

Perfected images, protected documents

Intelligent Document Protection listens for any jams or misfeeds and stops scanning to protect documents. Ultrasonic Multifeed Detection ensures all documents are scanned correctly, while Perfect Page image processing makes scanned images look better than the originals.

Productivity. Assured.

Only **Kodak Alaris** offers essential services to ensure the optimal operation of your scanning solution at time of installation and beyond. The three year worry-free warranty puts **Kodak Alaris** knowledge to work for you helping your **Kodak ScanMate i1150** Scanner to satisfy your evolving business process needs for years to come.

Kodak ScanMate i1150 Scanner

Recommended Daily Volume	Up to 3,000 pages per day
Transaction Mode ¹	Up to 40 ppm at 200 dpi and 300 dpi - first 10 pages
Throughput Speeds * (portrait, letter/A4 size, black and white/grayscale/ color)	Up to 25 ppm at 200 dpi and 300 dpi
Maximum Document Size	215 mm x 355.6 mm (8.5 in. x 14 in.); Long Document Mode: up to 2 meters (78.7 in.)
Minimum Document Size	63.5 mm x 65.0 mm (2.5 in. x 2.56 in.); Minimum width: 50.8 mm (2.0 in.) when centered using visual guides
Paper Thickness and Weight	34-413 g/m2 (9 to 110 lb.) paper
Feeder	Up to 50 sheets (20 lb. / 80 g/m2) paper; handles small documents such as ID cards, embossed hard cards, business cards and insurance cards
Document Sensing	Ultrasonic multi-feed detection; Intelligent Document Protection
Connectivity	USB 2.0 High Speed, USB 3.0 compatible
Bundled Software	Bundled TWAIN , ISIS , and WIA Drivers; Smart Touch; Kodak Capture Pro Software Limited Edition ; Kodak Capture Pro Software Trial Edition ; (Linux SANE and TWAIN Drivers available from www.Kodak.com/go/scanonlinux)
Recommended PC Configuration	Intel Core i7 2600 , 3.4 GHz, 4 GB RAM
Supported Operating Systems	Windows 8 (32-bit and 64-bit); Windows 7 SP1 (32-bit); Windows XP SP3 (32-bit and 64-bit); Windows Vista SP1 (32-bit and 64-bit); Windows Server 2008 64-bit and Server 2012 64-bit; Linux: Ubuntu 12.04
Barcode Reading	One per page: Interleaved 2 of 5, Code 3 of 9, Code 128, Codabar, UPC-A, UPC-E, EAN-13, EAN-8, PDF417
File Format Outputs	Single and multi-page TIFF, JPEG, RTF, BMP, PDF, searchable PDF
Optical Resolution	600 dpi
Output Resolution	100 / 150 / 200 / 240 / 250 / 300 / 400 / 600 / 1200 dpi
Illumination	Dual LED
Image Sensor	CMOS Based CIS Scanner
Imaging Features	Perfect Page Scanning; Fixed Cropping; Relative Cropping; Multi-Lingual Auto Orientation; Orthogonal Rotation; Add Border; Remove Border; Intelligent Image Edge Fill; Background Color Smoothing; Automatic Brightness/Contrast; Automatic Color Balance; Round/Rectangular Hole Fill; Sharpening; Streak Filtering; Enhanced Color Adjustment; Enhanced Color Management; Automatic Color Detection; Content or File Size Based Blank Page Removal; Fixed Thresholding; iThresholding; L one Pixel Noise Removal; Majority Rule Noise Removal; Halftone Removal; Electronic Color Dropout (R, G, or B); Predominate (1) Color Drop Out; Multiple (up to five) Color Dropout; Dual Stream; Compression (Group 4, JPEG); Image Merge
Operator Control Panel	Color, four-line graphical LCD display with four operator control buttons
Dimensions	Height: 246 mm (9.7 in.); Width: 330 mm (13 in.); Depth: 162 mm (6.3 in.); Weight: 3.2 kg (7 lbs.)
Power Consumption	Off/Standby/Sleep mode: <0.5 watts; Running: <21 watts; Idle: < 14 watts
Environmental Factors	Energy Star qualified scanners; Operating temperature: 15-35° C (59-95° F); Operating humidity: 15% to 80% RH
Acoustical Noise (operator position sound pressure level)	Off or Ready mode: <20 dB(A) Scanning: <50 dB(A)
Electrical Requirements	100-240 V (International); 50-60 Hz
Accessories (Optional)	Kodak A3 Size Flatbed Accessory , Kodak Legal Size Flatbed Accessory
Software Options	Fully supported by Kodak Capture Pro Software (Group A) and Kodak Asset Management Software
Limited Warranty	Three years (Advanced Unit Replacement)
Approvals and Product Certifications	AS/NZS CISPR 22:2009 +A1:2010; (Class B RCM mark); CAN / CSA - C22.2 No 60950-1-07 +A1:2011 (TUV C mark); Canada CSA-CISPR 22-10 / ICES-003 Issue 5 (Class B); China GB4943.1:2011; GB9254:2008 Class B (CCC S&E mark); EN55022:2010 ITE Emissions (Class B); EN55024:2010 ITE Immunity (CE mark); EN60950-1:2006 +A1,+A11,+A12 (TUV GS mark); IEC60950-1:2005 +A1; Taiwan CNS 13438:2006 (Class B); CNS 14336-1 (BSMI mark); UL 60950-1:2007 R12.11 (TUV US mark); CFR 47 Part 15 (FCC Class B); Argentina S mark

* Throughput speeds may vary depending on your choice of driver, application software, operating system, PC and selected image processing features

¹ Transaction Mode: Scans 40 ppm for first 10 pages only - then resumes scanning at 25 ppm
